

Welcome to Border Steel Ltd.

Here's to 54 years of excellence in manufacturing.

Border Steel's commitment to steady growth, competitive pricing, quality products, and a superior level of customer service is stronger than ever. Our relationships with suppliers and customers, alike, are instrumental in defining who we are and how we do business.

We pledge to continue investing resources in our products and our people. That means having the best available technology used every day by a team of professionals who are passionate about what they do. Our company seeks to deliver world-class results that exemplify what it means to be a trusted, dependable supplier in today's manufacturing era.

If you already do business with us, we will continue building our relationship towards a level that will further exceed your expectations. If you're considering what we have to offer for the first time, know that we look forward to working with you and becoming your steel distributor of choice.

It has truly been our privilege to work closely with so many great people over the years. Together, let's continue to set the stage as Border Steel is over a half-century of building the leading example in our industry.

Thank You.

Terry Tingle
